RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

This is a response to the Notice of Non-Compliant Amendment mailed December 9, 2005. The applicant's response to the Office Action mailed September 23, 2005 was found to be non-compliant because the amendment allegedly "failed to provide specification support for the amended limitations." The applicant interprets this to mean that direct citations to support in the specification were not provided in the applicant's response, not that the Examiner found certain limitations to be lacking in support, as in the case of a § 112 rejection.

The applicant is not familiar with such a requirement in 37 CFR 1.121 or MPEP 714. Nevertheless, to advance prosecution of the application, the applicant is

providing herewith a new Remarks section with citation to the specification in support of the amended limitations.

This response is being filed within one month of the Notice of Non-Compliant Amendment, and the allegedly non-compliant amendment with a submission for a request for continued examination (RCE) under 37 CFR 1.114. Accordingly, the applicant believes that no fee is required. However, the Director is authorized to charge any required fees to Deposit Account No. 502375.

Respectfully submitted,
